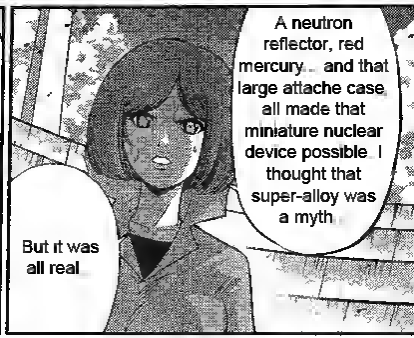
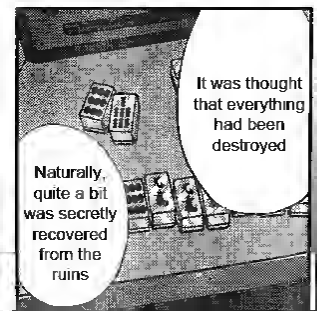
At the time, Chernobyl was a secret laboratory for red mercury

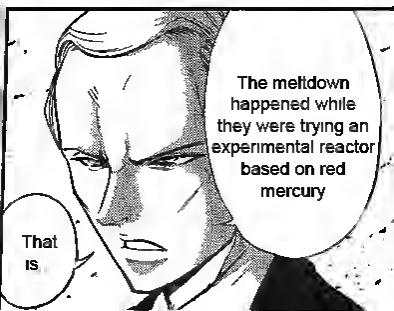


A neutron reflector, red mercury... and that large attache case all made that miniature nuclear device possible. I thought that super-alloy was a myth
But it was all real



It was thought that everything had been destroyed
Naturally, quite a bit was secretly recovered from the ruins

The truth behind Chernobyl...



The meltdown happened while they were trying an experimental reactor based on red mercury
That is

A Human Reactor!!!
239 Pu
The moisture in a human body itself acts as a neutron reflector!! Mengele's body had, in fact, become...
Truly a formidable woman
The Angel of Death was also unavoidably showered by a lethal dose of radiation
I hope you enjoy this parting gift from the Soviet Union ♥
Hmm hmm

Wow, you can still breathe!
Mu... Gu... !
You're a stubborn one, aintcha...
A deal...?
How about it... Let's make a deal...
Wa-wait... My body's already dying
How about that?
Don't you want to live for 100 years?
I have been alive since before the First Great War... I was born in 1911

That's definitely...
...
The secret of youth...
If you promise to save my life
I'll give you my secrets. How about it...?
You fool, don't speak anymore!!!
What are you, The Angel of Death, talking about? You deserve nothing less than death for the crimes you've committed
Isn't that right, Miss-
Don't think that you can be forgiven!!

-TRESS?!!
She wants it whole heartedly...!!!
She's completely buying it...
It's a deal then
Heheh heheh heh... yes
Heh...
So if I let you go ?

Of course
This is a website with the medical data, and a password
My body's beginning to collapse
Shit, I'm out of time
I'll have to resort to the back-up plan
Mariel, prepare yourself
Ja, Doctor

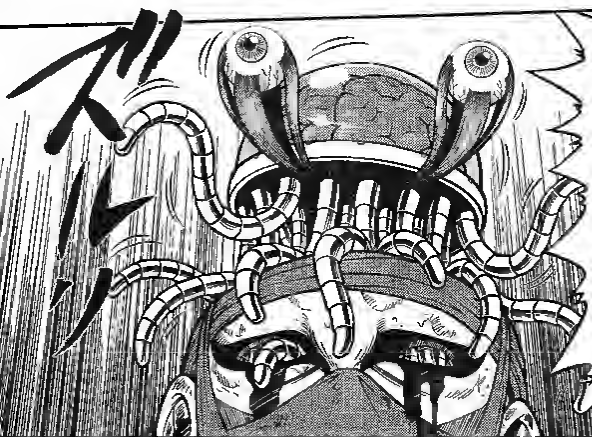
WHAAA
AAAAA
AAAT?!!
Mariel is a
clone of myself

I transfer my brain into a brand new clone body!!!

Before my body grows old and disintegrates...

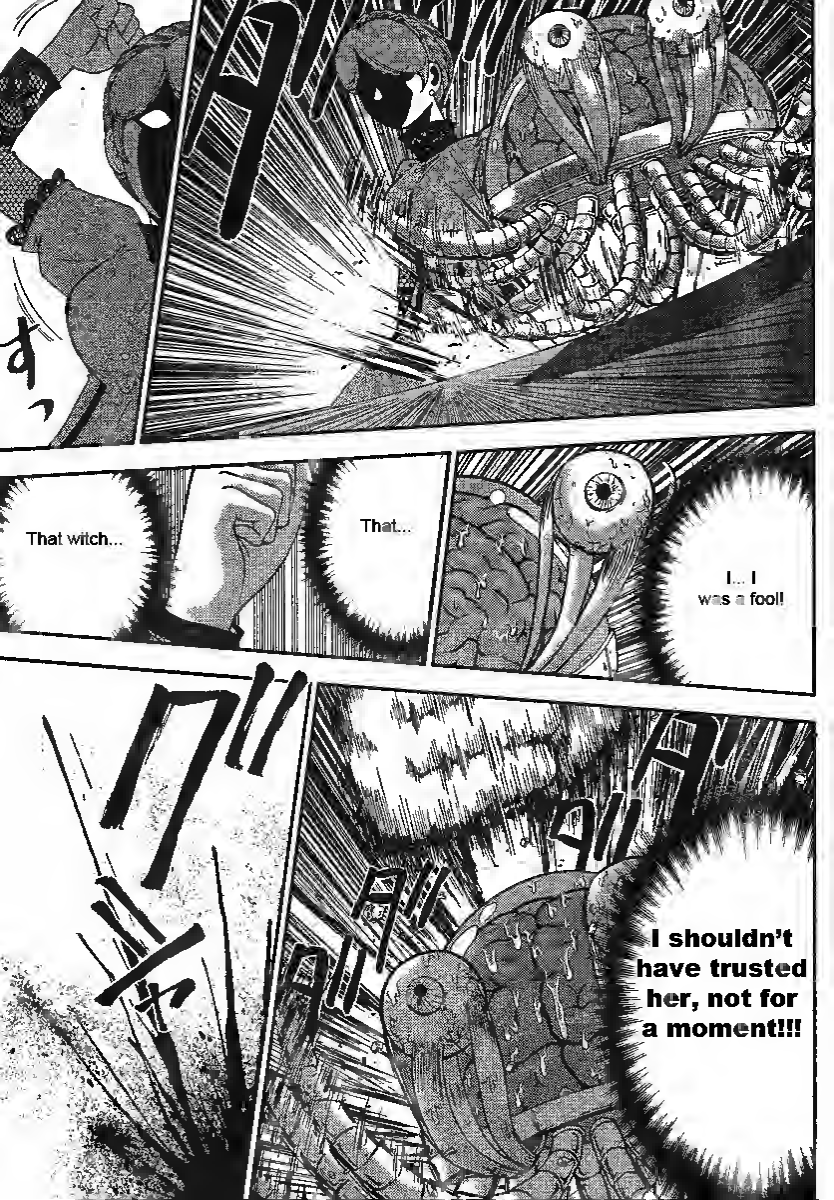
What of the occult?! What of the Ark of the Covenant?! Science shall have the last word!!

This is the secret that will allow me to complete an astounding amount of research!!!



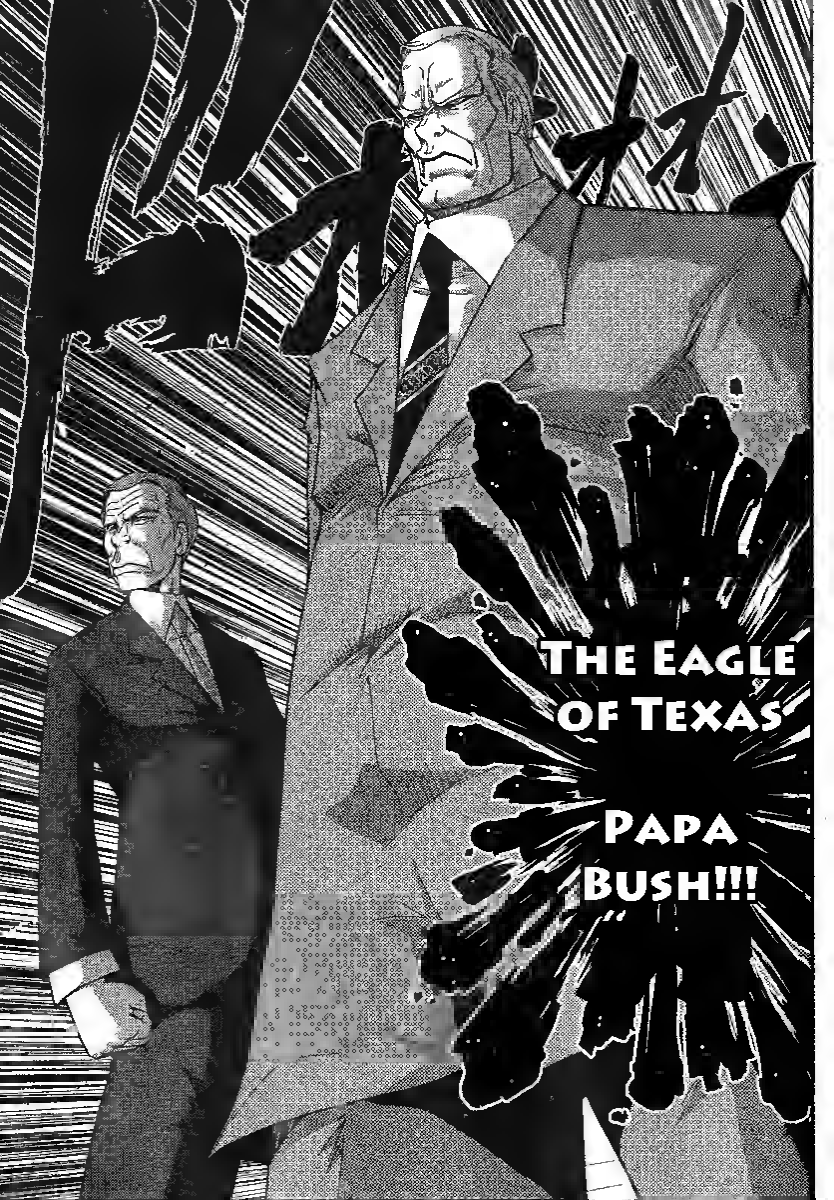
Now I shall pass on, to my new body!!

Who said you would be allowed to survive?



すっ
That witch...
That...
I... I was a fool!
I shouldn't have trusted her, not for a moment!!!

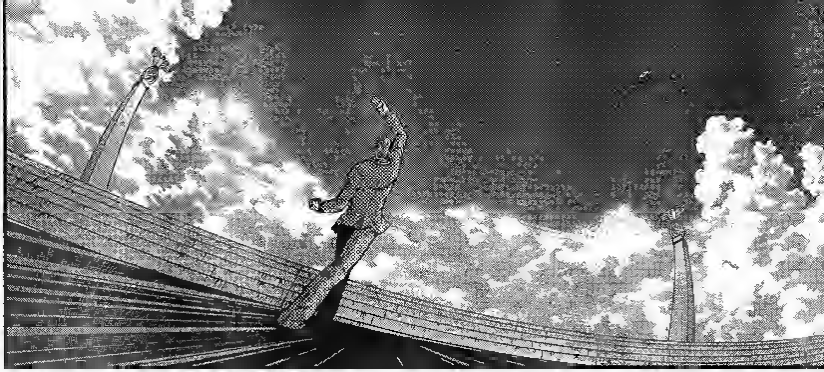
THE MATCH CAN NO LONGER BE CONTINUED!!!
THE VICTORS: YULIA TYMOSHENKO
ELEONORA PAVLICHENKO
Even though you made a promise, you didn't hesitate for a moment...
You've certainly surpassed Mengele in villainy
Indeed
WITH A SCORE OF 2-0, THE EARTH ALLIANCE IS ONE STEP AWAY FROM VICTORY
THEIR NEXT PLAYER IS...

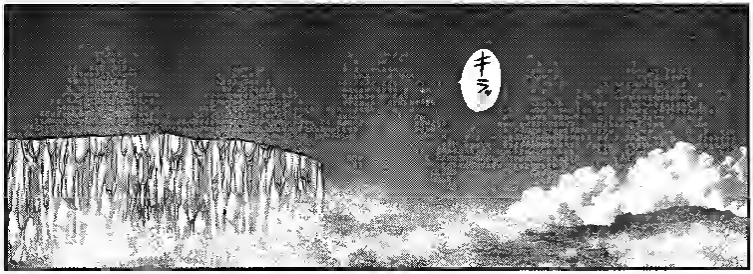


オオ
THE EAGLE OF TEXAS
PAPA BUSH!!!

This is in my way

BEGONE!!!





キラ

As expected, you're still a military man at heart
Amazing... With just the sheer wind pressure from his palm, he scattered those uranium tiles like leaves...
Didn't even need a warm-up
Hee...

You do not lack an opponent Neo SS Captain, Otto Skorzeny
Has arrived
You, my opponent? Amusing
Your violence spanned from the Western Front to the Pacific
Where is your second?
Ah, he's already on his way
He's a rather overly-serious man

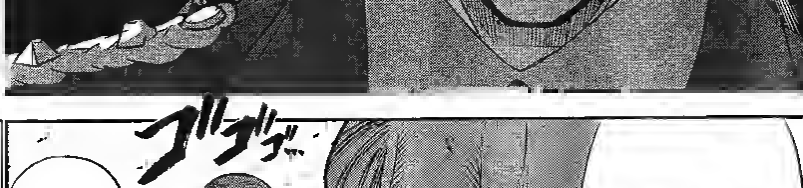
a plane... from the US...?
What is that... a bird...?
Those are...
No!
Those are the legendary wings that made the Eastern Front tremble!!
THE Ju-87 "STUKA"

Skorzeny's second!!!

THE KING OF AIR RAIDS
HANS RUDEL!!
ゴゴゴ
Hans-Ulrich Rudel
(1916 - ?)
On the Eastern Front, he destroyed over 500 Soviet tanks and was feared by Stalin as "The Enemy of the Soviet People"!!
Flew over 2000 missions, and even though he was shot down 30 times, he continued fighting to the end!!

Ahh yes, not since Operation Eiche
It's been quite a while since we last worked together
I'll be counting on you
Watch your back, Hans
I'm off then, Gadermann
In World War II, they fought, exceptionally, to the bitter end
See that, Junior? Our next opponents, they aren't zombies or mad scientists

They're the real thing



ゴルゴゴ
Yes, Papa
The true battle begins here

BEGIN COMBAT!!!

HANS RUDEL!!!

最新単行本 第2巻、8月7日発売ッ!!

Rudel's Stuka was outfitted with two 37mm cannons!!
These were normally ground-based anti-aircraft heavy cannons.
However
Only pilots like Rudel had the skill to fly with that kind of weight distribution
Their destructive power was without equal

Just with him, Nazi research was able to make substantial advances.
By skirting the border of death countless times on the battlefield
He gained inhuman powers of cognizance

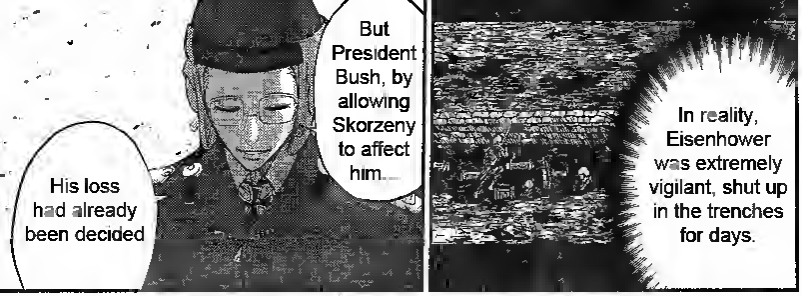
Dwight D. Eisenhower
(1890 1969)
34th President of America
It was a bunch of nonsensical rumors, such as Skorzeny going undercover to abduct General Eisenhower
Because of Skorzeny
However, the Allies couldn't ignore these rumors
You'd normally treat the idea with contempt
Naturally, no one actually tried such silly tactics
They were convinced that he alone could pull it off
"If anyone could do it, it'd be him"!!



His loss had already been decided
But President Bush, by allowing Skorzeny to affect him...
In reality, Eisenhower was extremely vigilant, shut up in the trenches for days.
